8. Store in an airtight container in the pantry or fridge.

NOTES

Storage Tips: Store the granola in an airtight container to keep it fresh. It can last up to 2 weeks in the pantry or up to a month in the fridge.

Nuts: If hazelnuts aren't available, almonds or pecans make great substitutes.

Sweeteners: You can swap maple syrup for honey or agave, though it will no longer be vegan if using honey.

Gluten-Free Option: If you need this recipe to be gluten-free, ensure that you are using certified gluten-free oats.

Customising Add-ins: Feel free to customise with extra dried fruits like apricots, raisins, or cranberries, but add them after baking to prevent them from hardening or burning.

Serving Ideas: Beyond serving with yoghurt and fruit, this granola makes a great snack on its own or can be used as a crunchy topping for smoothie bowls, pancakes, or ice cream.
